

PROJECT OVERVIEW OR GOAL:

Poultry Hatch-out is an educational curriculum-based program that focuses on the importance of the poultry industry and its significance to the world's food production. This week-long program consists of outlined lesson plans and activities as well as a live hatch of chicks throughout the week.

4-H Thrive

Positive Youth Development

Developing Competence

Adults create environments where youth can develop competence in their chosen project area.

Building Confidence

Youth build confidence as they learn to think for themselves, build mastery, and are recognized for their efforts.

Nurturing Caring

Adults nurture a caring environment where mutual trust between youth and adults is established. Caring relationships with adults are key to resilient youth.

Finding Connection

Youth build solid connections which are critical to their well-being.

Forming Character

Create a community where youth play an active role in developing their character.

Determining Contribution

Youth actively contribute to their clubs and communities.

Mississippi State University is an equal opportunity institution.
